

WHAT IF YOU COULD PLAY IN THE SKY?

Innovative and unforgettable, Sky Towers® evokes the exciting sensation of climbing through the sky and being one with nature.

Originally introduced in 1997, Sky Towers has been reinvented to provide children an opportunity to experience the world from a bird's-eye view.

Learn more at Playworld.com/SkyTowers

EXPERIENCE THE ELEMENTS OF NATURE.

Imagine climbing a mountain, feeling the warmth of the sun and the gentle breeze as you make your way to the top—give that experience to the children of your community with Sky Towers.

CHOOSE YOUR LEVEL OF CHALLENGE.

Children can choose to take a steep route or one with more gradual climbs. Whichever challenge they choose, children will enjoy making their way to the top of Sky Towers.

TAKE A RISK AND BE REWARDED

As children climb higher, they'll perceive a new level of risk—one that is followed by a sense of accomplishment when they overcome challenges in their path and make it to the top. Designed for inclusive modularity, the central tower has two routes, encouraging simultaneous play between children of varying ability levels.

INTERACTIVE PLAY PANELS

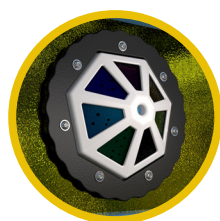

Red Thunder Drums

Created to connect with the sounds of nature and to inspire your inner musician.

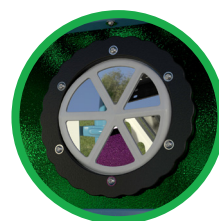

Orange Mirror

Children love to watch themselves and their friends through this reflective surface.

Yellow StarScope

It's a kaleidoscope of color and shapes, sure to inspire star gazing.

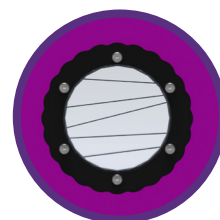

Green Galaxy Spinner

Make your universe spin with this out-of-the-world experience.

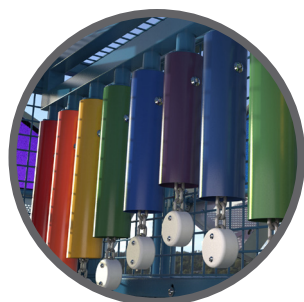

Blue Mirror

Children love to watch themselves and their friends through this reflective surface.

Violet Rain Maker

Make the soothing sound of rain while you're playing in the sky!

Rainbow Chimes

Watch how a rainbow of colors brings beautiful sounds of nature to your playground.

Hannah's Hideaway

With all of the fun and excitement of Sky Towers plus two slides, Hannah's Hideaway is a perfect playground adventure!

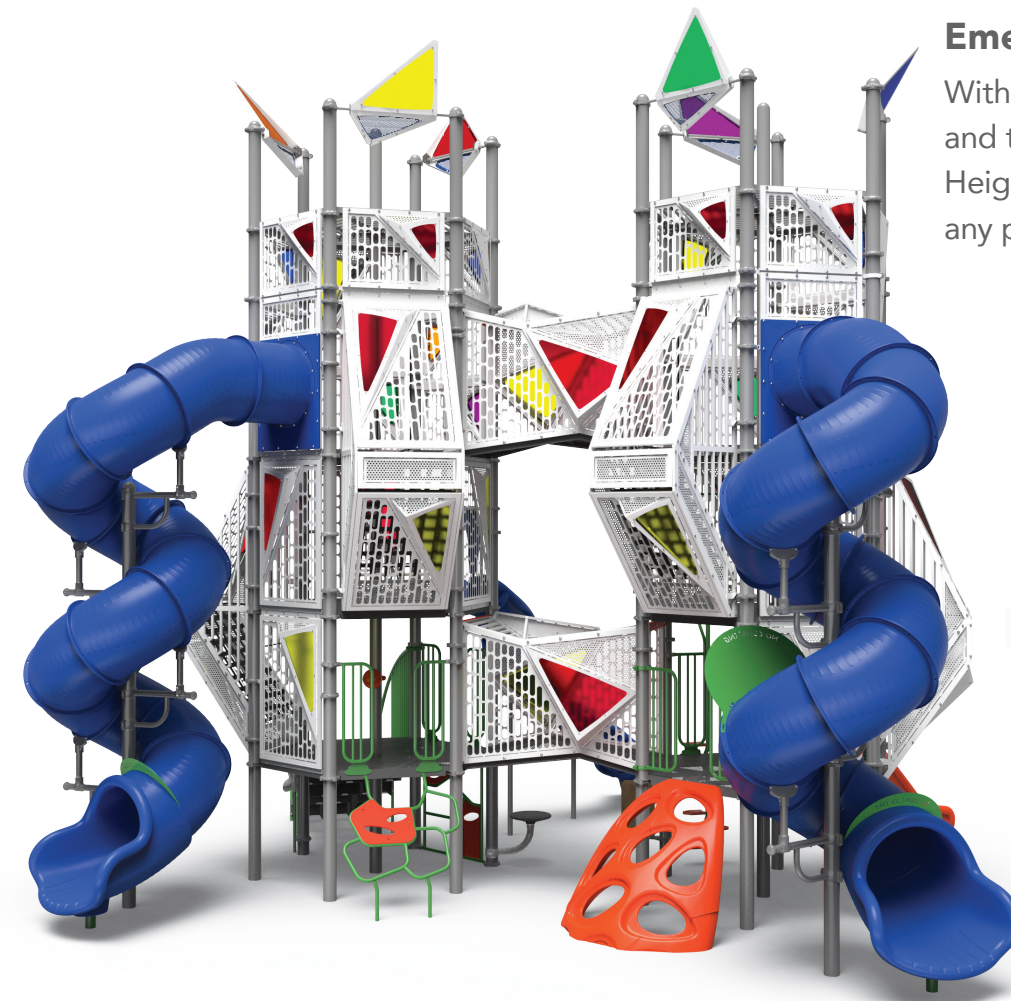

PRODUCT	ITEM	SPACE REQUIRED	SIZE	INSTALL HOURS	WEIGHT	FALL HEIGHT	EVENTS	USERS	ADA	ASTM F1487	CPSI PUB.325	CAN/CSA Z614	EN1176
Sky Towers® Hannah's Hideaway	500-2038	30' 4" x 39' 6" (9,24m x 12,04m)	18' 0" x 25' 3" x 26' 1" (5,49m x 7,7m x 7,95m)	130	11554 lbs (5240 kg)	8' 6" (2,59m)	20	53	•	•	•	+

All play equipment must be installed over an appropriate impact absorbing surface that complies with ASTM or CSA standards. +CSA and EN compliant versions available. Playworld.com/SkyTowers

THE SKY IS THE LIMIT

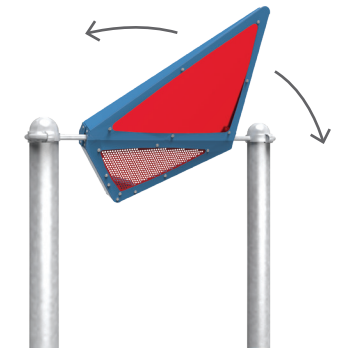

Bring the magic of the sky to your playground with Sky Towers!

BUILDING BLOCKS

KaleidoBarrier

As kids climb higher, these panels ensure they stay safe, so there's no need to worry as you supervise from the ground. They also add a pop of color to your Sky Towers. Available in Playmakers® only.

Kinetic Topper

The sun and wind team up to bring life to these brightly colored decorative panels. You'll notice they move with the wind while catching and projecting rays of color throughout your Sky Towers structure. Available in Playmakers only.

KaleidoCrossing

Up isn't the only way to go in your Sky Tower. Add this colorful bridge to make a path from deck to deck. Available in Playmakers only.

KaleidoClimber

Add a pop of color with this piece's unique design that boosts kids as they make their way toward the sky. Available in Playmakers only.

NEW COMPONENTS

Playworld's distinctive, new components bring a unique aesthetic and unmatched play value to Playworld's Challengers® and Playmakers® product lines. Choose from exciting climbers, incredible slides, stunning sensory shades, and even an a-maze-ing cozy space to add distinctive flair to your next project!

MIGHTY DESCENT

Mighty Descent is a daring new play experience from Playworld. Multiple children can enjoy sliding together on this 8' (2.4m) high, extra-wide slide. This massive slide is the first of its magnitude available on a post and platform play system. A hillside version is also available.

Prism Pass

Prism Pass is the perfect complement to Mighty Descent. It utilizes the space under the slide by creating a colorful maze full of bright panels that encourage social and imaginative play! The snug areas of Prism Pass also create a pleasant cozy space.

Converge

Converge is a new high climbing experience from Playworld! It's more than your average climber—it provides multiple climbing experiences, including net climbing and metal components. Converge gives kids several climbing paths from the ground to both 6' (1.8m) and 8' (2.4m) platforms, from ground to deck or deck to deck.

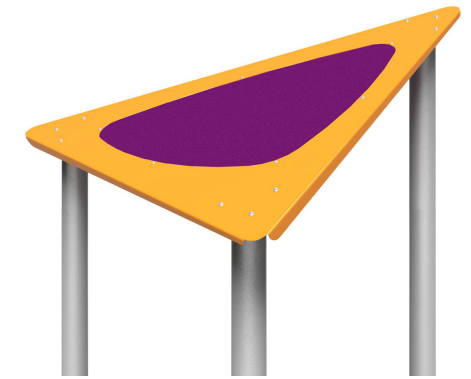

Round-the-Corner

Children will delight in Round-the-Corner's three types of climbing while you'll delight in its distinctive design and superb craftsmanship.

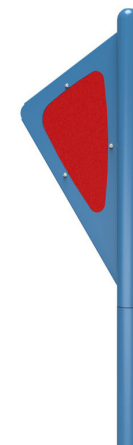

VertiClimber

VertiClimber adds a fun climbing challenge with a modern aesthetic. Kids love climbing to the top then maneuvering onto equipment for more play.

Skylight

Add a splash of color to your play space with Skylight, the bright topper for Challengers and Playmakers systems. Skylights create colorful shadows that children love to interact with. But, they're more than just a sensory experience—Skylights also provide shade, an important feature on any playground.

Kinetic Flag

Kinetic Flags give a distinctive new look to any Challengers or Playmakers system. Kinetic Flags are colorful and sway gently in the breeze, creating a bright sensory experience that children delight in. Inserts available in your choice of colored polycarbonate or fiberglass with a custom graphic.
